

Dear PiNSA members, you are hereby invited to join the

“I Am Not Alone”

World PI Week Mass Infusion Drive – 22 to 29 April 2023

“I Am Not Alone” is our theme for the year and PiNSA is initiating a Mass Infusion Drive over World PI Week in April. We want as many PI members as possible to join in, in creating awareness for people living with Primary Immune deficiencies.

Who can join the drive? Anyone with a Primary Immune Deficiency

How do I join? By submitting your name (PI patient) with your membership number to info@pinsa.org.za as soon as possible but latest by 21 March 2023. Then during World PI week send a selfie of yourself whilst having an infusion to the same address. Include your name, and type of PI e.g. Anton, living with CVID

Which infusions counts: Any infusion; Intravenous (IV), Intramuscular (IM), Subcutaneous (Sub cut) with the medication you normally use

Where will the photo go: The photo will be uploaded to the members portal on the PiNSA website. We want to set a world record of the most infusions administered over that period. By submitting your photo, you are giving PiNSA permission to publish it

What if I cannot arrange my infusion over that week? That’s not a problem, you may send the photo of your April infusion and we will still upload it, because PiNSA wants to celebrate your life with you, **as you are not alone**

What if I’m not a PiNSA member? Please e-mail info@pinsa.org.za to become a member and part of our community; we plan on having a number of activities this year exclusively to support our members

Will there be a reward? PiNSA will create a collage of all the participants photos as a memento for participating. The collage will be e-mailed to you in colour for you to print and frame

What is the aim of this drive? To have as many as our members participating and we will share the result with other IPOPI National Member Organisations in the hope that they will do the same next year!
Sincerely

Anton Van der Zandt
